## AGEING TANK

### Special Features

1. Model 100,200,300,500 & 1000 Ltr Available
2. Super Compact Design
3. Ageing tank requires minimum floor and plant for easy operation
4. Low Power consumption due to refrigeration and puff insulated system
5. Uses Branded Quality Copper Pipe for Evaporator coil
6. Automatic expansion valve controls assure quality ageing of mix
7. All Structure Material in SS 304,316

## CONTINUOUS ICE CREAM FREEZER

### Special Features

1. Model 100, 200, 400 & 600 Ltr Available
2. All Body Structure & Panel are made from SS Quality Material
3. Freezing Cylinder Hard Chrome Plated & Puff Insulated
4. Digital Display for Micro Process Controller
5. Automatic Hot Gas provides to control Ice Cream hardness
6. Compressor is protected by Overload Protection Relay and Pressure Switches
7. Suction and Discharge pressure gauges for refrigeration cycle
8. A.C. Drive provides mix pump speed

## AUTOMATIC CUP & CONE FILLING

### Special Features

1. Model : SCCF, Single Line Roory type with PLC
2. Capacity of Machine : 3000 pcs/hr.
3. Ice Cream Filling Quantity : 40 ml min. up to 150 ml max.
4. Power Requirement
  - o 1. Gear Motor : 1 HP (3 Phase, 440 volt)
  - o 2. Air Compressor : 7.5 HP (3 Phase, 440 volt)
  - o Air Supply 1000 ltr/min at 6 kg pressure
5. Dies : 48 Total Numbers 40 ml & 100 ml Cup (24 nos. die)  
40ml & 120 ml Cone (24 nos.die)
6. Machine Over All L x W x H  
Size (Approx) : 1000 mm x 1100 mm x 1900 mm

## PASTERURIZING TANK

### Special Features

1. Model 100, 200, 300, 500 & 1000 Ltr Available
2. Compact design to reduce total bacterial count
3. Automatic Precision Control for Process
4. Water Jacket construction due to Proper and Equal Heating
5. Available in L.P.G. (Gas) and Heater System
6. Lower power consumption keeps minimum power losses
7. Extra Rich Hygienic Construction & Easy to clean.

### Special Features

1. Model 200, 300, 500 & 1000 Ltr Available
2. Two stage homogenization
3. Suction and Discharge seat ball valves coated stellite and tungsten carbide
4. High strength steel use for connecting rod and eccentric shaft assembly.
5. Low RPM Plunger Pump
6. Pressure adjustment by hand Valve and Splash lubricating system to provide effective cooling
7. Homogenizing valves loaded by High Tensile Strength spring
8. All Product Contact Parts and main cover frame made from S.S. 304 quality material
9. Pressure Gauge Design SS Diaphragm type.

## HOMOGENIZER

## RIPPLE MACHINE

### Special Features

1. Pneumatic and mechanical model available
2. All Material are SS 304 Supply voltage single phase
3. N.R.V valve operated
4. With ripple nozzle

## CANDY PLANT MACHINE

### Special Features

1. Model 4,6,8,10,12,16,18 mould available
2. All Material are SS 316,304
3. Puff insulation jacketed
4. Water cooled and air cooled system available
5. Supply voltage 3 phase 6.  
Temperature auto cut out system

## FLAVOR TANK

### Special Features

1. We Creates Flevour Tank as per requirements
2. All materils are 304 SS, 316 SS
  - We have Different variants
    1. 50 to 200 ltrs available
    2. 50 + 50 ltrs available
    3. 100 + 100 ltrs available

## FRUIT FEEDER

### Special Features

1. Blades made from special German Silver.
2. Separate drive for rotor and ingredient feeder.
3. Easily Connect with CIP System.
4. SS Hopper with mixer for storage of ingredient.
5. Easy to Access with PLC Control.
6. To Maintain a perfect hygienic condition.
7. Variable Speed Control ingredients feeder.

Chemical Mixing Tank With Agitator

Tray Dryer Machine Trolley

Milk Storage Tank

Brine (Chemical) Mixing Tank

Pressure Vessel

Dining Table With Seater

All Types Of Pipe Bending Job Work

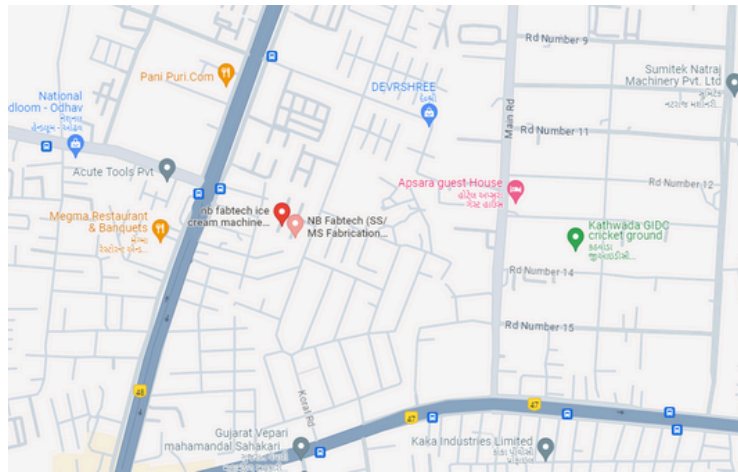

Utility Trolley

All Types Of Hopper in SS

## About us

- Over 10 years of innovation and excellence in manufacturing solutions.
- Custom-built machines tailored to meet unique industry needs.
- Enhancing the art of ice cream making with reliable machinery solutions.
- We are here to solve complex requirements.
- Dedicated to optimizing efficiency and enhancing productivity
- Join us in shaping the future of industrial fabrication.
